

## Infants Week one

### Fly swatter Painting

Materials- Fly swatter (spatula), Paper or cardboard, paint

Activity- Place a piece of paper on the floor and dip the fly swatter in the paint and let the babies have fun with it for as long as they are interested.

### Recycling Collage

Materials- Glue, cut-up a cereal box, construction paper, tissue, dry macaroni noodles, etc. Anything that you find around the house.

Activity- Take a piece of paper and pour glue all over the paper. Offer material to infants. Let them feel the different textures, play with the materials. After they have gotten comfortable with the materials let them pick up the materials and put them on top of the glue to end up with a collage as the finished product.

### Easter Eggs Shakers

Materials- Plastic eggs, rice, beans, etc.

Activity- Place fillings into a plastic egg and close the eggs and shake, shake, shake.

You can fill up some eggs with hard things that would make noise and fill the others with soft things so they can see that some make noise and some don't.
